

Lake Superior Community Partnership Talent Development Network

Highlight your company's job opportunities on Michigan's Job and Career Fair calendar located [here](#).

Although winter is here and 2018 is coming to an end, the talent search is still going strong! To prepare your business for the winter employee search, and students for the many job openings available, we have great resources to look into. Check out our [website](#) to see how the LSCP can help in your talent search.

Not sure where to start your recruitment process or begin looking for employees? The LSCP has a new Emsi tool that focuses on where students migrate after completing their degree. Here is a [link](#) that can show a little insight. Speaking of insight into talent, Workforce Insight is a great tool to learn more about workforce data. Want help figuring out what your industry average wage is or looking for a specific resume? Our [Business Development team](#) can lend you a hand in your search.

If you or someone you know is uncertain about what career path to choose, stop by and pick up a copy of the 2018 Career Technical Education Magazine at the LSCP office. From high school to college, the magazine shows many opportunities from the fastest growing jobs in the country! It showcases apprenticeship possibilities, as well. Please, take a look at the magazine. It may help to decide what career path is best for students to look into.
