

# Need Talent?

## EMSI Workforce Insight Reports Let us help you solve your talent needs!

With the help of EMSI workforce insight, you can find alumni who left the area, see specific profiles that match your criteria, and even see where best to target your talent attraction efforts.

### Workforce Insight and Talent Attraction reports include:

- An aggregated report using data from over 100 million online worker profiles by job title, SOC, company, school, skill, and more.
- A report determining where to target your recruiting efforts for specific occupations using alumni data and cost of living adjusted wages.

### Workforce Insight reports can help your company answer questions like:

- How many cyber security experts (or any other occupation) does my region have?
- What are the specific skills of the local workforce?
- Where can we source talent from?
- How do I connect to talent that attended a U.P. college or university?

### Pricing Structure

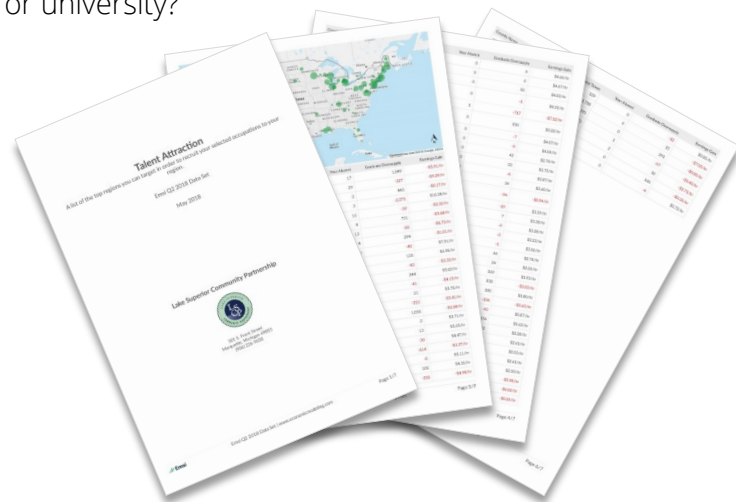

#### Workforce Insight

Base report- \$100

Sample profiles report-\$50

#### Talent Attraction

Base report- \$125

**Premium & Superior level LSCP Partners are eligible to receive ten (10) free reports annually.**
