

Info for Bars and Restaurants re: MLBA

In addition to standard business resources, bars and restaurants should be encouraged to reach out to the Michigan Licensed Beverage Association (MLBA). Some of the activities MLBA is coordinating include:

- Pushing back liquor licensing deadlines into May
- Assisting bars and restaurants with red tape at the Liquor Control Commission
- Assisting bars and restaurants with applying for SBA Loans
- Communicating directly on specific support for bars and restaurants
- Distributing information about the Governor's closure EO

Establishments do NOT need to be a member of the MLBA to receive assistance. They are supporting everyone during the crisis.

More information can be found at www.mlba.org.
