

Value Investment Package

A Message from our CEO

Economic development builds long-term prosperity, opportunities for growth, a strong workforce, and vibrant communities. To be successful, it requires a commitment to supporting and growing the local business, talent, and community resources that make our region a great place to live and work - and your investment, together with those of hundreds of other partners, is a critical part of that commitment.

Investments in the LSCP ensure that all types and sizes of businesses, and all levels of local government, have the supports, services, data, analysis, advocacy, and other resources needed to attract investment, talent, and residents to our region. What's more, they leverage participation and resources from other partners, helping to coordinate partners throughout the region and the state as we work towards common goals. The LSCP is grateful for the generosity of community partners like you, and proud to be a part of our region's past and future prosperity.

Benefits included in any level investment..
