

LAKE SUPERIOR COMMUNITY
PARTNERSHIP

Value Investment Package

Why Invest?

The Lake Superior Community Partnership (LSCP) is Marquette County's leading resource for economic development. When you invest in the LSCP, you invest in Marquette County, stimulating our economy. With your investment, the LSCP is able to provide a wide variety of affordable and effective development services, facilitate access to funding programs, and provide and identify opportunities, solutions, and recommendations for growth to Marquette County businesses. The LSCP helps our partners make the connections that matter – between businesses, organizations, leaders and legislators, and provides a powerful legislative voice for programs and policies that strengthen our regional economy. With your investment, we can continue to facilitate conversations on talent needs, housing, and other emerging issues impacting economic development in the area. We value you as a potential and current investor in Marquette County and hope that we can count on your partnership moving forward to provide these services to the community, working towards a thriving future.

Benefits included in any level investment..
